## COMPANY PROFILE

Global Networking  
**Local Understanding.**

Advisory | Audit & Assurance | Taxation | Business Process

## ABOUT US

You have recently started your business or expanding your business flagship abroad. You need to convince the financial institutions complying with the respective legislation and guidelines set by the authorities there. You also want to focus on your business direction and set your priorities right.

But how?

What can be done to achieve your vision for greater creation, preservation and enhancement of wealth?

Welcome to Imran Chartered Accountants. We provide one-stop integrated solutions in advisory, auditing and taxation services.

We are not your typical solution provider. We leverage on our global knowledge and connection to give you the total integrated platform to deliver your specific accounting and auditing needs.

Our offices in Kuala Lumpur and Seremban and above all, connections globally through IAPA. Our professionalism is further reflected as a member to established accountancy institutions like MIA, MICPA and CTIM.

## OUR PHILOSOPHY

Global networking. Local understanding.

Our global knowledge and connection enable us to fully utilise our network to provide even far reaching and effective solutions that comply with the respective nation.

Apart from our global link, we are defined by our corporate value of passion, determination and

value enhancement. We believe great things will happen with passion and determination.

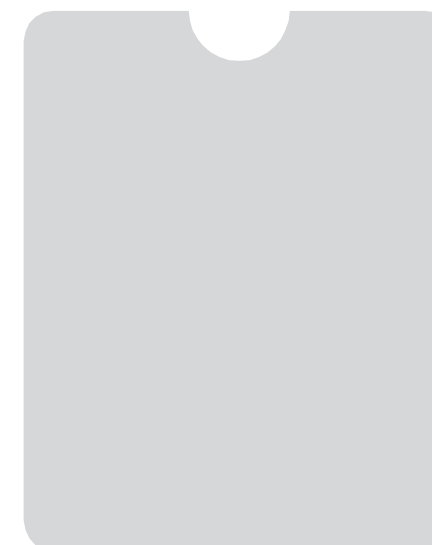

And we always put our clients as our priority, engaging with them, adding value to their business needs and ensuring a sustainable business all the way. In short, global expertise and local understanding have become our hallmark of professionalism. This defines who we are.

## OUR VISION & MISSION

Global Networking. **Local Understanding.**

As a chartered accountant with associates around the world through our membership in IAPA (International Association of Practising Accountants), we are able to leverage on our extensive worldwide connections to provide all our clients with services that go beyond borders and beyond expectations. Our Vision is to break new grounds, be a leader, not a follower as the preferred firm of chartered accountants.

For make this a reality, our mission is driven by our passion to:

## OUR SERVICES

Attention to detail. Compliant-conscious. Customer-centric. These are some of the key disciplines that reflect the professionalism of our services. We specialise in 4 main services, namely advisory, audit & assurance, taxation, and business processes. These services are shaped by customer expectations, legislation and guided by clear principles and disciplines.

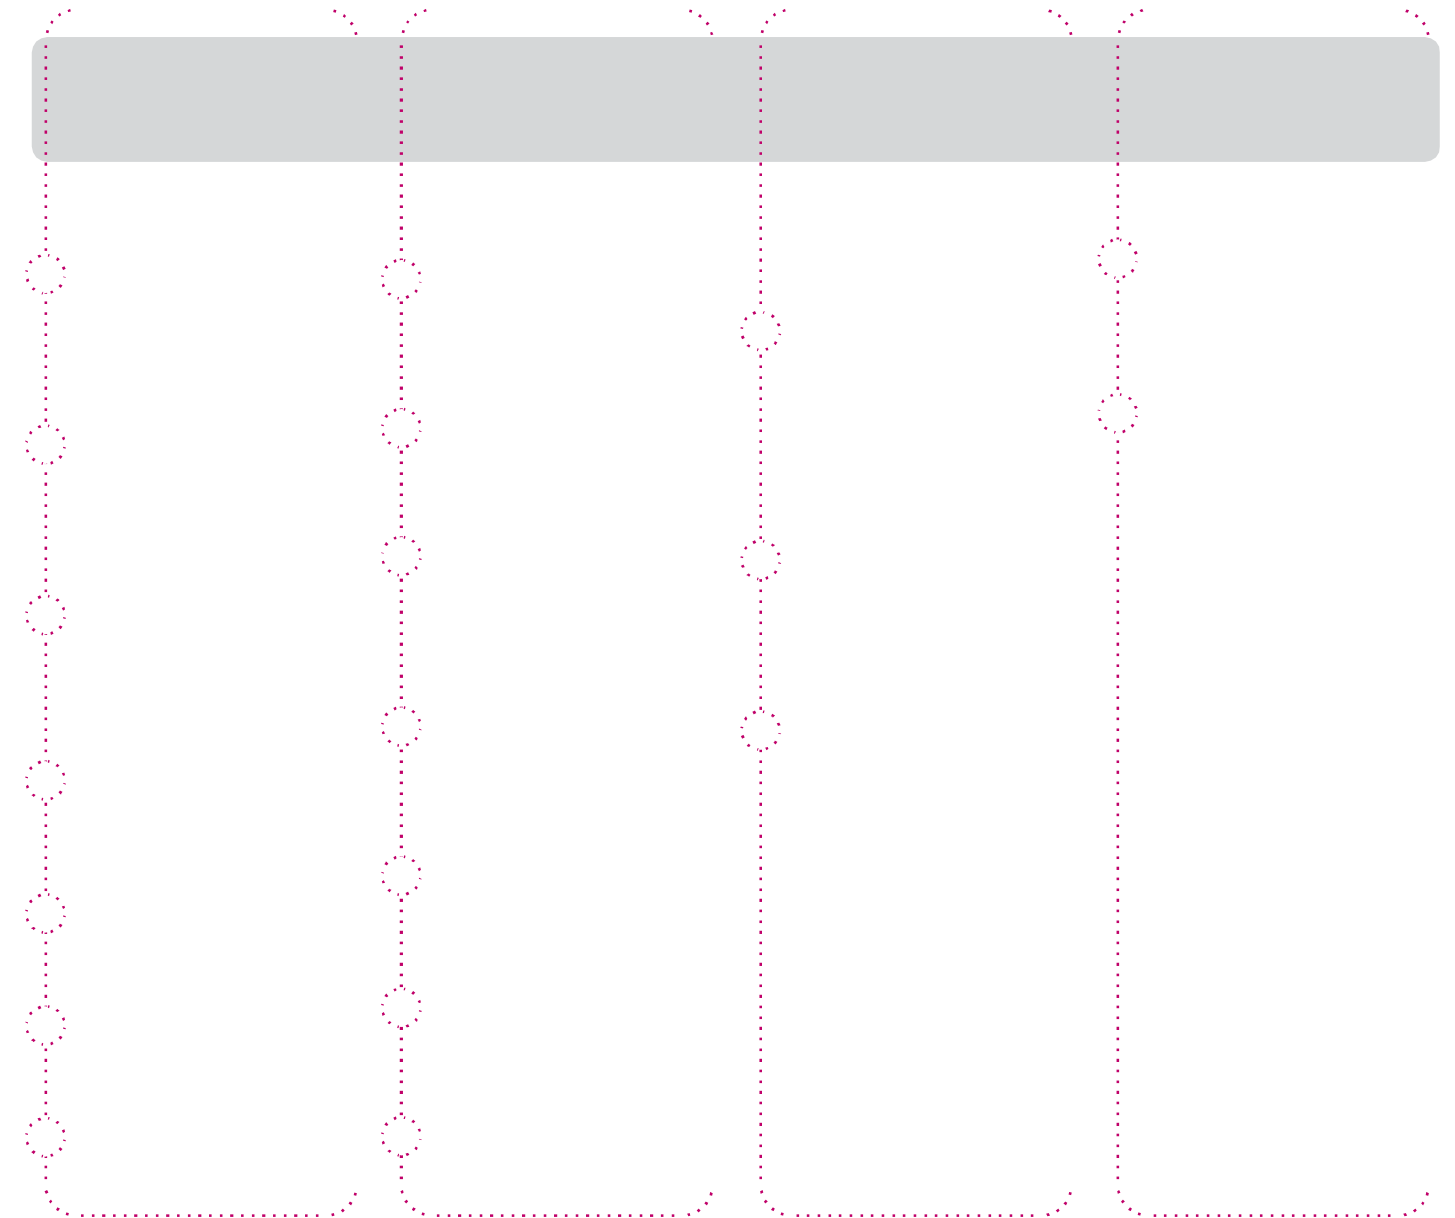

Wondering what to do and how to comply with the financial and tax rules and regulations of a country you like to invest in? Or what should your business do to get listed on the stock exchange? At Imran Chartered Accountants, we provide you sound advisory solutions that cover the A to Z of new investments. As a customer-centric company, our team comprises multi-disciplined personnel with well-defined roles assigned to them to meet your specific needs.

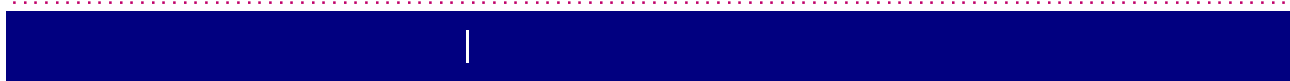

With our strong connection abroad, you can rest assured of a clear-cut effective business solution to cater to your demands like setting up a new business here or abroad. On top of that, our business processes are strategically guided by a mix of manpower intelligence and solid IT platform.

Ultimately, we hope to create value and assist you in opening up opportunities and tapping on unchartered marketplace. Our advisory roles are specifically tailored to:

- 1. Business advisory and strategic planning
- 2. Business process optimization and automation
- 3. Business systems and executive coaching
- 4. Tax advisory and planning for individuals and businesses both SME and MNC

## OUR SERVICES

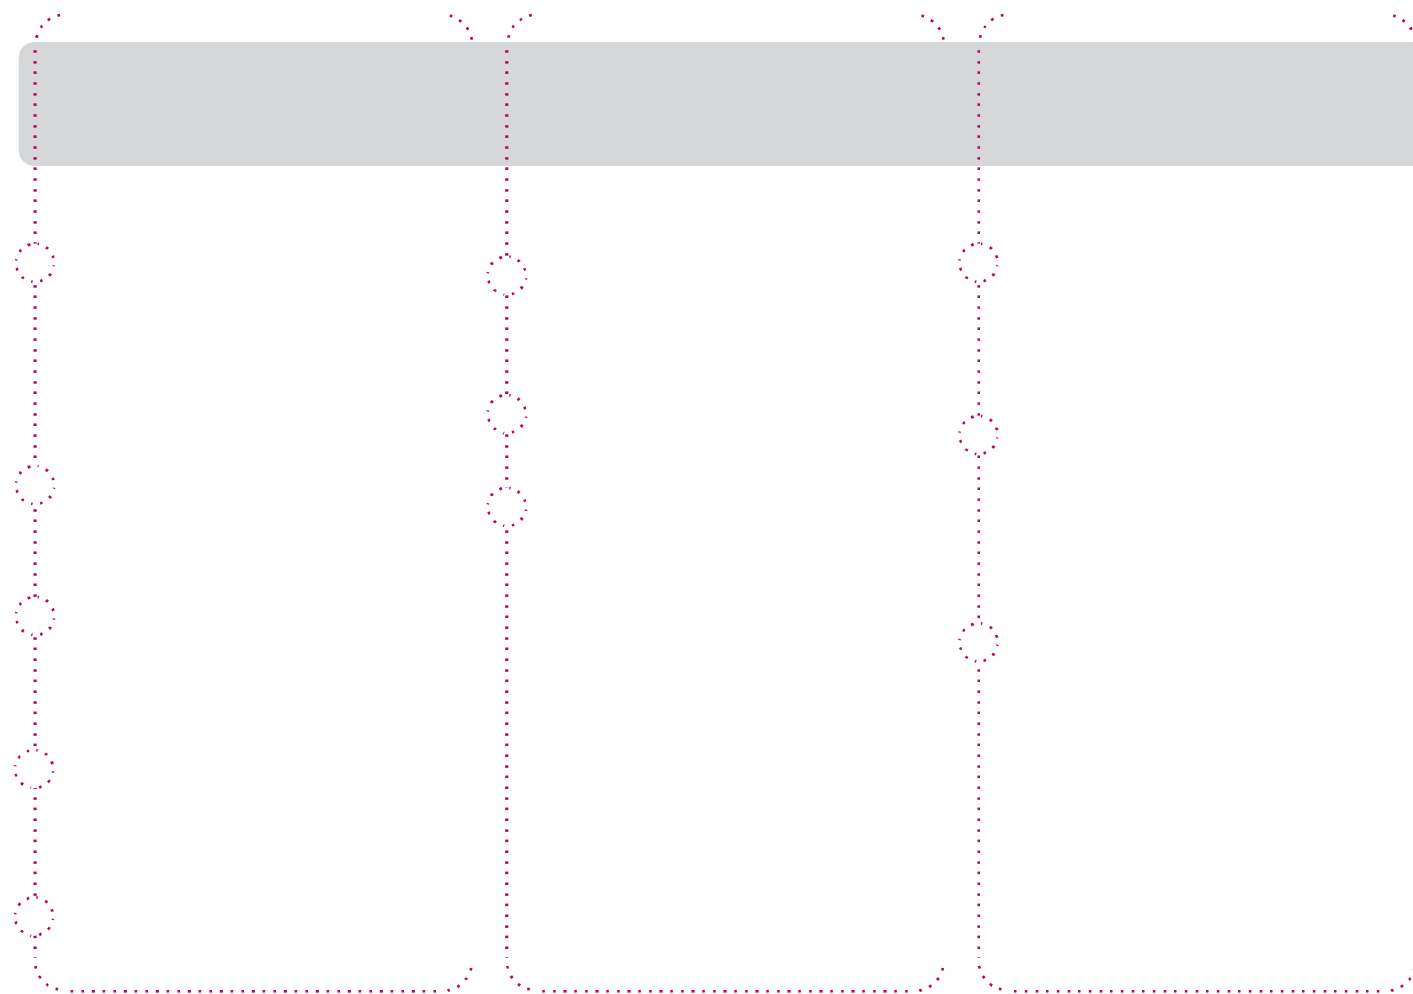

Is your business in accordance with approved accounting standards as spelt out in the legislation? Need to convince your existing and prospective investors and financiers of your current business finances?

As a trusted advisor, we understand you need to ensure all your systems, controls and financial records are in proper order to gain that high level of confidence of your stakeholders. Through our professional auditing, we bring financial discipline to address corporate governance issues, manage system control and ensure compliance of businesses.

We use specific methodologies, conducting diagnostic tests and analytical reviews before making any auditing decisions. And based on our findings, we can help businesses make better informed decisions, greater accountability and ultimately, help guide their businesses to the next level. In this respect, we work closely and independently with our clients to ensure we deliver the desirable results.

We offer the following services:

The Rubik's cube has 43 quintillion different possible configurations to only ONE solution

## OUR SERVICES

What are the latest updates regarding taxation issues that can inevitably affect your business? How to ensure all your business processes comply with the nation's tax rules and regulations.

At Imran Chartered Accountants, we can assist you in achieving the desirable tax position that deemed too complex for you or help save on tax in the legitimate way. Through practical experience and razor-sharp understanding on

the complexity of the local laws, we provide solutions on restructuring, multinational tax planning and transfer pricing, inward and outbound investment, tax treaties and withholding tax, real property gains tax and more. But above all, we can advise you on how to stay compliant with the tax rules and regulations and statutory obligations of the respective country. This is where you can leverage on our global network connections to move your business beyond borders

Our taxation-related services cover a wide area from:

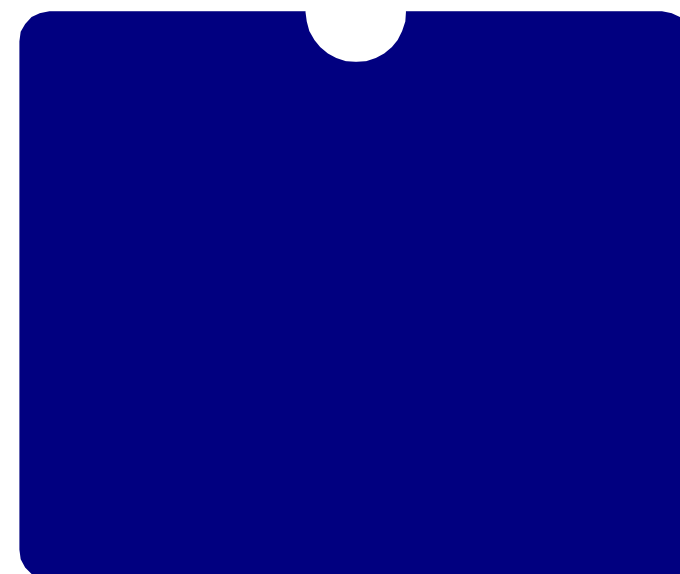

## OUR SERVICES

Unsure of what to do and how to go about your business processes?  
New to rules and regulations of business start-up or listing on board?  
At Imran Chartered Accountants, we are wholly committed to ensuring the future of

your business go smoothly as planned. Our integrated services, from Advisory, Audit & Assurance, and Taxation ensure all the business processes are strictly adhered to the rules and regulations of the country.

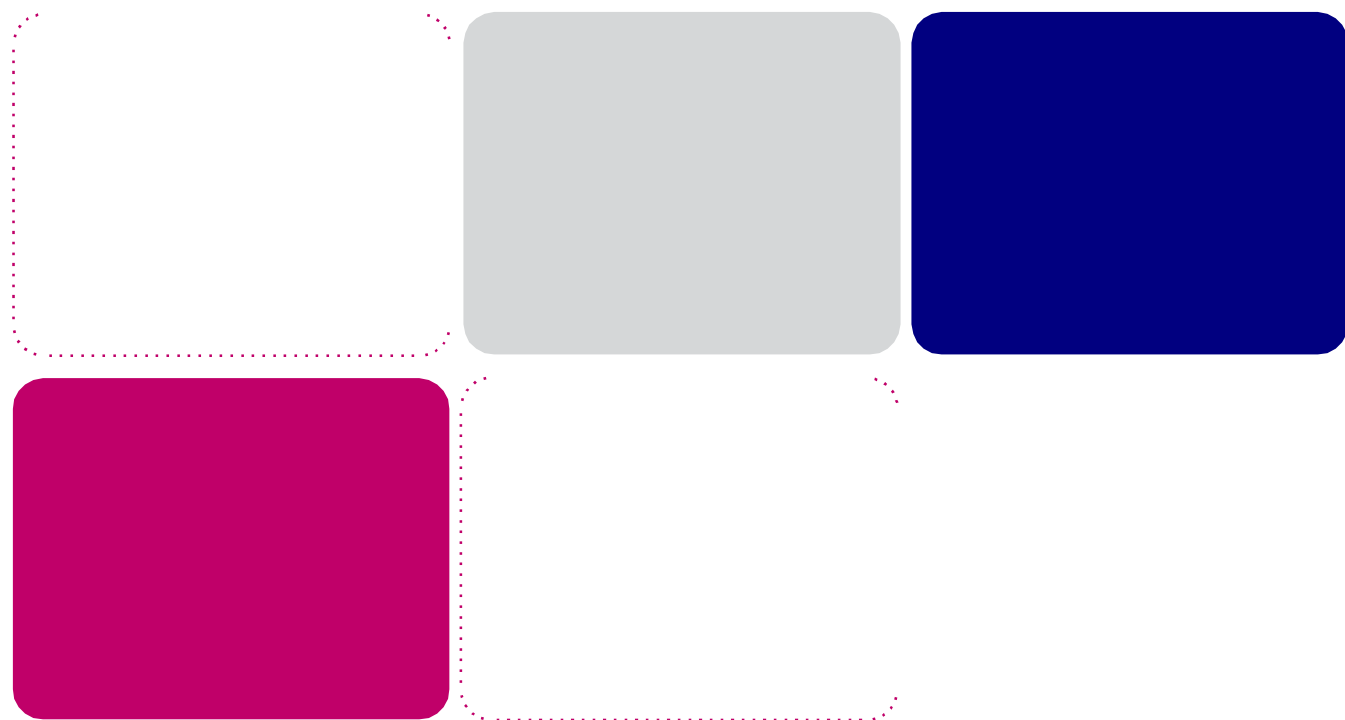

From company formation services, company secretarial services to share registration and management of private trusts and executors, we cover them all to ease the flow of your business. These include:

## OUR SERVICES

And result-driven with proactive customer-centric approach. These values illustrate what we are doing. At the end of the day, we celebrate success together and move towards achieving even greater goals.

We are Firm of:

And the Member of professional institutes:
